

53' Domestic Chassis

It is more important now than ever for domestic shippers to efficiently move cargo. Whether you're looking to kick off a transition from trailers to containers or need more flexibility moving containers from the rail to customers and distribution centers, our nationwide 53' chassis pool can support the intermodal demands of your business.

Specifications

Carries: 53' ISO Domestic Container
Overall Length: 53'7"
Overall Width: 8'

Tare Weight: 7,450 lbs. +/- 2%
Number of Axles: 2
Number of Tires: 8

Our more than 89,000 53' chassis are available for use at the 100+ start/stop locations in our nationwide network, which connects eight Class I railroads across the country.

Our domestic fleet has benefitted from chassis enhancement investments of more than \$268 million over the past three years, including 80% of our chassis being converted to radial tires and LED lights.
