

PREMIUM CHASSIS AVAILABLE FOR YOUR DRAYS, GUARANTEED.

Direct ChassisLink Reserve (DCLR) is a guaranteed capacity pool that offers you access to premium quality chassis at an attractive rate of **at least 25% below the average market per-day rate**. DCLR stop starts are located near major port terminals and rail hubs, making sure that your chassis is ready and waiting where and when it's most convenient for you.

With DCLR, your chassis is:

- Built, remanufactured, or refurbished within the past nine years including radial tires and LED lights.
- Expertly inspected, maintained, and staged for "ready row" service by DCLI's M&R team.
- Guaranteed to be available based on your committed volume and utilization levels.
- Outfitted with GPS for enhanced tracking capabilities.
- Reserved and ready for your dray via our online reservation system.

As a **DCLR** customer, you'll have access to our online reservation system that will ensure your chassis is ready and waiting when you arrive. If you can guarantee certain volumes and utilization rates for your drays, you can earn additional discounts off our published daily rate, making **DCLR** an even better solution for your business.
