4. Click on Reporting in the left-hand navigation, then click on the Activity tile from the available options. You can now choose to view your chassis activity By Location or By Railroad.
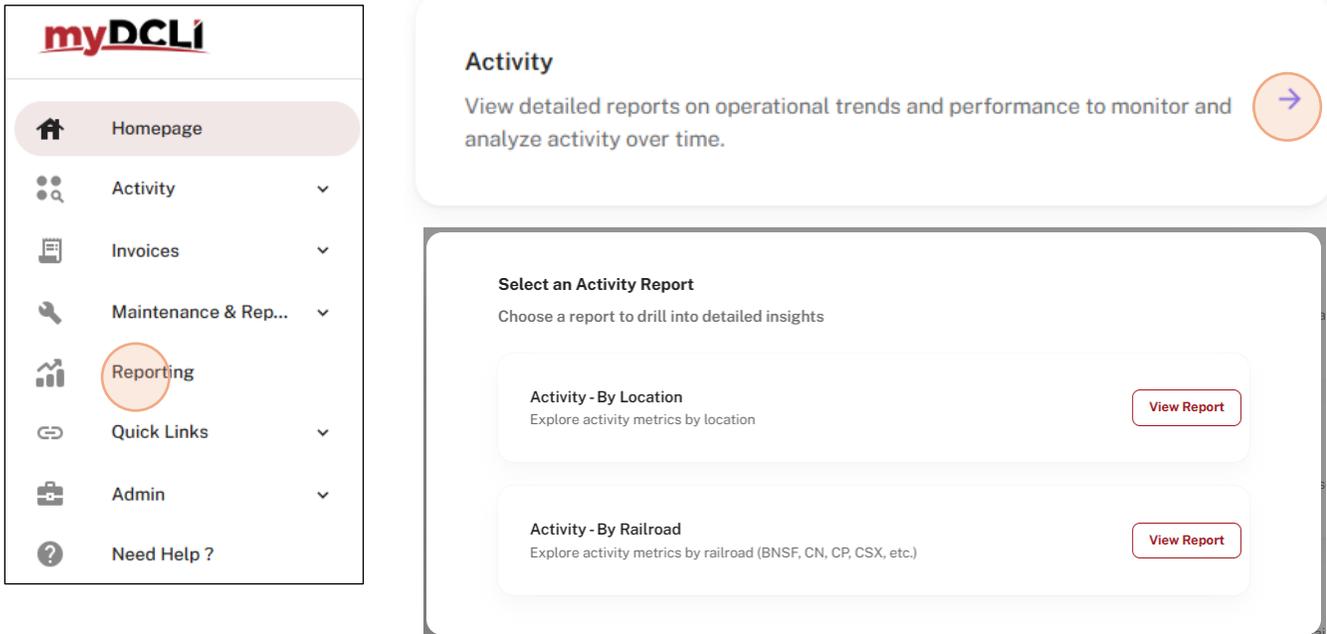

4a. In the Activity by Location report, you can filter the results by Region, Metro, or Location.

4b. In the Activity by Railroad report, you can filter the results by Region, Metro, or Railroad.

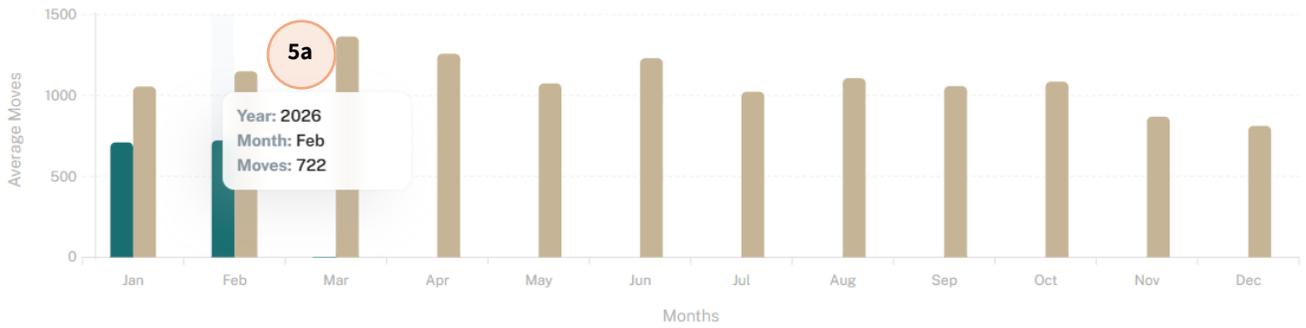

5. Both Activity report types show your Activity trends for Moves, Dwell, and Billable Days for this year and the previous year.
    a. You can hover over any bar in the graph to see the underlying data.
    b. To download the information shown in a graph, click the Download link in the upper right corner. This will give you the option to download the chart as a PDF or the data in Excel.

9. Choose the columns you'd like to see by selecting the checkbox in front of the column name. If you don't want to see a particular column in your view, deselect the checkbox. Reorder the columns by clicking on the arrow icon and dragging the item up or down the list to your preferred position. Click the OK button to see your updated view on the Domestic Activities tab. Or you can click the Restore Defaults button to return to the standard activity view.
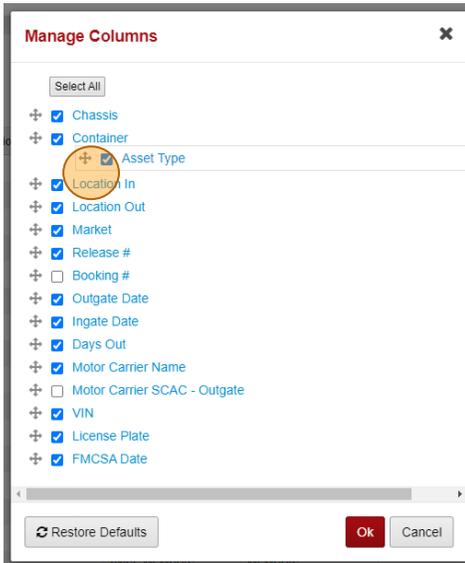

10. To save the updated view as your default when you log in, click the Save View button.
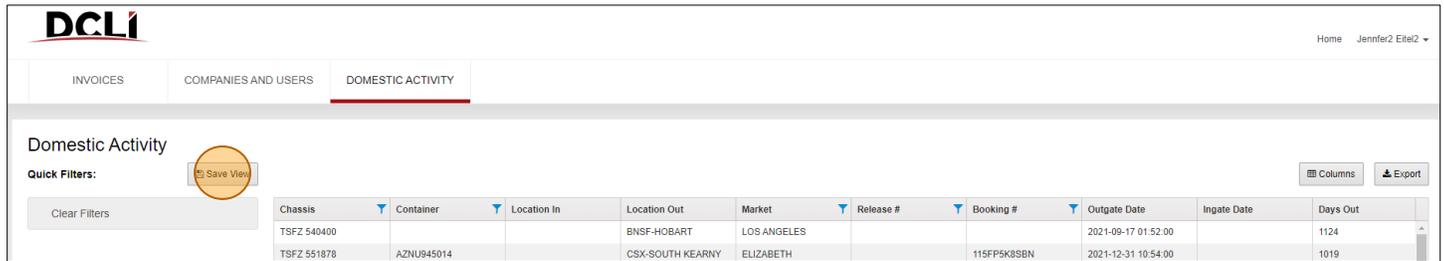

11. To further customize your Domestic Activity tab, you can sort or filter the information shown.
    To sort the information in a column, click the column header. Click it again to reverse the sort order.
    To filter the information in a column, click the filter icon in the column header, type the information you'd like to filter on into the dialog box, the click the Filter button.
    NOTE: Not all columns are filterable.

12. To clear any filters you have created, click the Clear Filters button.

13. You can export your Domestic Activity information to Excel by clicking the Export button.
    NOTE: The Export function will download Domestic Activity rows taking into account any filters that you have in place. If you want to download all of your activity, make sure to click the Clear Filters button first.
